COLLEGE OF COMPUTING AND INFORMATICS

TEAM 7 · THE 60-SECOND PITCH

UNC Charlotte Course Pilot

Cayman Powell, Mujtaba Khan, AlexisArenas-Villalba

THE PROBLEM

UNC Charlotte students navigate multiple sources for course requirements and degree planning, causing confusion and repeated advising requests.

TARGET IMPACT

Faster answers to academic questions, accurate source-backed guidance, and fewer routine advising requests. Metrics will be evaluated during testing.

CORE TECH STACK

Implemented: Python/FastAPI, React/Next.js, PostgreSQL, Docker
