COLLEGE OF COMPUTING AND INFORMATICS

TEAM 4 · THE 60-SECOND PITCH

Financial Literacy Service

Josh Marsico, Himaja Goda, Jayden Parsons, Michael Simms

THE PROBLEM

Doing your own market research means pulling together news, price history, and the vocabulary to read it. For someone new to investing, that effort is the barrier.

TARGET IMPACT

Confident, informed new investors who understand what they’re looking at before they make a decision.

CORE TECH STACK

Python + FastAPI · PostgreSQL + pgvector · Docker · React
