TEAM 2 · THE 60-SECOND PITCH

MCP Sentinel AI-Powered Security Intelligence for MCP Servers

Sana Shaik, Shreem Dixit, Sahir Shaik, Dias Utebekov

THE PROBLEM

Organizations evaluating third-party MCP servers lack a unified view of known vulnerabilities and missing security evidence.

TARGET IMPACT

50% faster initial MCP security reviews through centralized evidence, server comparisons, and explainable risk intelligence.

CORE TECH STACK

Python · Streamlit · FastAPI · PostgreSQL 17 · Docker Compose · MCP Registry · OSV.dev · deps.dev
