COLLEGE OF COMPUTING AND INFORMATICS

TEAM 7 · THE 60-SECOND PITCH

S-Card

Andrew Gallegos Garcia, Connor Kelly, Rithvik Gottumukkala, Smriti Bhemireddy, Dash Doubleday

THE PROBLEM

People receiving text messages face spam, while aggressive filtering can hide important alerts.

TARGET IMPACT

Goals: flag fewer than 1% of legitimate SMS and complete local checks in under 100 milliseconds.

CORE TECH STACK

JavaScript, Python/FastAPI, PostgreSQL and Docker.

Made with GAMMA
